

03 AI Executive Daily Brief

Most mornings begin by working out what the day contains. This hands it over already sorted.

01 Trigger

6:30 AM daily, before the first meeting

02 Gather the day

Calendar, open tasks, CRM movement, unanswered threads, yesterday's meeting outputs

03 Score what matters

Ranked by deadline, deal value, and escalation risk

04 Sort into classes

Every item placed by what it needs from you

- | | |
|-------------------------------|-----------------------------|
| Needs a decision today | → Listed first with context |
| Prep required | → Meeting notes attached |
| Slipping | → Flagged with days overdue |
| For awareness | → One line, no action |

05 Compose the brief

One page: today's meetings with prep notes, decisions waiting, items slipping

06 Deliver

Slack or email, before the working day starts

Read-only. The brief never changes anything.

PRIMARY PAYOFF The day starts already triaged.
